

Electronic Transfer Order Form

*A downloaded “demo” contains the whole program, though it is unregistered to you and will time-out after 5 minutes until you purchase the product. If you select **Electronic Transfer**, you must send or fax this order form indicating Electronic Transfer above; you will be shipped a Documentation Card containing a Registration Code that will permanently unlock the whole program. Once registered, the demo/time-out function will no longer appear. There is no shipping/handling added to Electronic Transfer (except international orders).

For Electronic Transfer, please identify a **specific individual** to whom the Documentation Card with Registration Code should be shipped.
